

PRESS RELEASE (2 pages)

FENTANYL VICTIMS' FAMILIES ORGANIZE TO FIGHT ILLICIT in NC!

Fentvic Meet-up #3 for Fayetteville, Cumberland County NC (open to public)

Sunday, 7/30/23, 2-4PM

Mt Pisgah Baptist Church, 3350 Butler Nursery Road, Fayetteville NC 28306

WHY IS THIS IMPORTANT TO COVER?

1. Help save lives by educating the public about the dangers of fentanyl
2. Educate law enforcement and district attorneys about fentanyl
3. Meet Fayetteville and Cumberland County families damaged by fentanyl
4. Hear and share their stories to make their communities safer!

STATISTICS (sources & data can be found on page 2 or on the fentvic.org website under Resources Tab, scroll down to NC County Reports and NC OCME reports)

- 603 fentanyl deaths in last 9 years in Cumberland County
- = 603 families permanently damaged by fentanyl
- 13,671 NC residents killed by fentanyl 2013-August 2022
- 8 more NC residents die each day from fentanyl poisoning
- Fentanyl is #1 killer of NC and US residents ages 14-35

For journalists and the public: Below are links to NC County Fentanyl Fatality Reports & Sources which were referenced in the **Press Release for Fentvic Meet-up #3 in Fayetteville Cumberland and adjacent Counties**. Each link has a table with graph containing 9 years of data on ALL NC County medication/drug fatalities along with fentanyl fatality data. These reports can be found and downloaded for all 100 NC Counties from the Fentanyl Victims of North Carolina website fentvic.org.

The data sources are included on each report. Fentvic generates these reports from quarterly data updates provided to Fentanyl Victims Network of North Carolina by North Carolina Division of Public Health Injury and Violence Prevention Branch, Epidemiology, Surveillance, and Informatics Unit.
